

VX900

DESIGN

The VX900 is a standalone 12 Volt Code Lock which has an illuminated keypad, 62 codes and 2 relays.

Other similar models are available with multiple codes and relays if required.

Product Warrantee: Pivotal Solutions is Proud of its background in gate automation since 1994 and supports all its Videx range with a 12 month warranty. Our mission is to maintain continuous operation of any installation. In the unlikely event of a warranty claim a representative will either visit the site with replacement parts or they will be dispatched by courier the same day. Warranty claims are subject to correct installation and product use.
